CONNELINK 3C overview

3C (CONNELINK Collaboration Cloud) is a SaaS collaborative cloud solution, based on HCL Digital Solutions software (HCL DS).

7 services

- **Mail and messaging:**
  - Client web, mobile, HCL Notes or MS Outlook*.
  - Chat with internal/external teams on web and mobile.
  - Management of room and resource reservations.
  - Spam blocker/antivirus.

- **Pro-code applications:**
  - Design of complex web, heavy client and mobile applications.
  - Development environment.

- **Low-code applications:**
  - Design of simple and fast applications by all users.

- **Collaboration:**
  - Chat with internal/external teams on web and mobile.
  - Share internal/external information through communities.
  - Collaborative portal (intranet).
  - Online office suite, files synchronization and sharing.

- **Web meetings:**
  - Chat with internal/external teams on web and mobile.
  - Personal virtual room, based on the open source Jitsi.
  - Up to 100 people, YouTube streaming.
  - Chat and video recording.

- **Office suite:**
  - Online with co-edition, free and unlimited use for your external guests.
  - Synchronization and file sharing.
  - MS office on workstations (Word, Excel, Outlook, PowerPoint).

- **HCL Domino on premises backup:**
  - Backup on 3C of Domino HCL emails and applications on site.

*Outlook licenses must be purchased through the 3C Office Suite service or provided by the customer.*

A flexible and secure hosting

- On any data center, public, private or your own.
- Hybrid flexibility with on-premises mail and application localization if needed.
- Multi-cloud very high availability option for mail and applications services (2 geographic locations and 2 different cloud provider).
- Degraded hybrid functionality of mail and pro-code applications services to maintain activity in the event of an internet outage on your site.
- Already available on Amazon Web Services and OVHCloud data centers in France.

- CONNELINK is a 100% French company: a European sovereign collaborative solution.
- Respect of the GDPR, no CLOUD Act.
- Data encryption and flow with CONNELINK keys or yours in your data center.

- Free and unlimited external guests on all services, except pro & low-code applications from creator level.
- Collaborative solution always up to date with the latest versions of HCL DS software.

3C in numbers

- Start in October 2019.
- 20 customers, all sectors, private/public.
- 5 000 users in Europe, America and Africa.
